

**Keynote****The New Secret to Success:  
Creativity...and How to Increase It**

Jeff Walling

Don't buy the lie that creative people are born that way! You can enhance and increase the creativity and problem solving ability of your team through establishing the right atmosphere. You will walk away with:

- The five key factors that enhance creativity and problem-solving abilities in teams, management groups, and families.
- Practical strategies to establish an atmosphere that fosters innovation, collaboration, and productivity within your workplace or team (teamspace).
- Hands-on exercises to develop actionable skills that will improve your team's creativity and productivity for years to come.

**Thurs., May 14**

7:30 – 8:15 a.m.

**Nitrous Oxide Administration for  
Dental Assistants and Hygienists**

Kim Bell

Upon completion of this presentation, discussion and dental office experiences, participants will demonstrate knowledge of the following:

- Describe and demonstrate the administration and monitoring of nitrous oxide in a dental office.
- Discuss the role of the dental hygienist and dental assistant in the administration and monitoring of nitrous oxide including chart documentation.
- State the requirements, as specified by the Indiana State Board of Dentistry, for a dental hygienist and dental assistant administering and monitoring nitrous oxide during patient treatment.

**Veneer Hands-On Workshop:  
The Essence of Smile Design**

Dr. Marc Geissberger

Discover the benefits of digital design for your composite bonding procedures. This program will explore the techniques and materials used to deliver anterior direct resin restorations using a customized 3D printed matrix. This patient-specific matrix system is intended to bring profitability and efficiency to anterior composite restorations. During this program clinicians will learn:

- How to fabricate and deliver a smile design and simulation.
- Practice various veneer preparations and when to use them clinically.
- Practice provisional fabrication and placement techniques.
- How to adjust/bond final restorations using state-of-the-art materials.

**Sat., May 16**

## Important Dates & Information

### Badge & Registration

If you register **before Tuesday, April 28**, we will mail you your registration packet and badge to the address provided. Each registrant receives a separate envelope with a badge. Lanyards and ribbons may be collected on-site. If you register **after April 28**, you will receive a confirmation email, but must pick up your badge on-site at the IDA registration desk.

### Refund Policy

**Changes to registrations or ticket purchases may be made prior to 11:59 p.m., Tuesday, April 28 with no penalty.**

Starting Wednesday, April 29, or on-site during the Midwest Dental Assembly, you may transfer the full purchase price towards another registrant. **No refunds will be given after Tuesday, April 28.**

### ADA C.E.R.P® | Continuing Education Recognition Program

ADA CERP is a service of the American Dental Association assisting dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructor; nor does it imply acceptance of credit hours by boards of dentistry. Indiana Dental Association designates each activity for a specified number of continuing education credits.
