Failure by IDA to insert in any particular issue or issues the advertising under this contract invalidates the order for insertion in the missed publication(s), but shall not constitute a breach of contract. In the event a requested insertion date cannot be met by IDA, despite its reasonable diligence, IDA shall have the authority to place the advertisement in the respective publication issue immediately following the last requested insertion order date contained in the contract, unless Advertiser specifically requests in writing that the missed insertion date be omitted from the contract entirely. IDA shall have the right to omit any advertisement when the space allotted to advertising in the issue for which such advertisement is ordered has all been filled, or where there is a substantial change in the product or subject of the advertisement which may conflict with IDA's general policy on advertising. IDA may also limit the size and/or position of an advertisement in any issue.
13. The sole remedy for printing or other errors in ads caused by IDA shall be a rebate of the amount paid to IDA for that ad. Any other damages, consequential or otherwise, are specifically excluded.

Cancellation

14. No *Journal IDA* Advertiser cancellations are accepted after the publication closing date.
